## ***Professional Profile***

### **OVERALL TENDENCIES**

---

- Tend to think outside the box and to be inventive, potentially creative, and spontaneous while seeing ideas and ways of doing things that others tend to miss.
- Need to know what, how, and why things are happening.
- Tend to be a proactive person, paying attention to both concrete and conceptual organization as well as to the consequences of decisions.
- Have a natural orientation toward planning but you may leave the details of the planning tasks to others, especially if they interfere with your need to get things done.
- A compulsion for being inventive can lead you to spend too much time and energy trying to see things from new perspectives.
- Are likely to be more comfortable in social/external situations and relationships where it is easier for you to rely on your natural common sense ability.
- Tend to be critical of and impatient with others, especially when they do not get things done in an effective manner.
- Can readily identify crucial issues, generate practical alternatives, and respond with practical advice.
- Tend to listen selectively, overlooking the personal concerns of others and the effect your responses can have on them.
- Have both a clear and strong sense of self direction building persistence and stick-to-itiveness, loyalty to personal ideals and principles, and optimism that the best can and will happen.
- Rely on a preset, conceptual image of what you think you ought to be to define inner self worth and social/role image such that fulfillment and satisfaction are rooted in ambition and goal achievement.
- Tend to feel inadequate when you do not measure up, to be too hard and demanding on yourself.
- Tend to feel frustrated, anxious and dissatisfied because you believe that your current situation does not allow you to perform to potential or that you are not achieving your best.
- Commitment to personal goals and persistence can turn into stubborn insistence that your way is right regardless of circumstances.
